

The Governance Committee of Saint Mary's University Board of Governors invites applications from or recommendations of individuals external to the University who might be considered for appointment to the Board. We seek nominations for appointments to commence in September 2023 for three-year terms, renewable once. These positions are voluntary and offer no remuneration.

The University and the higher education sector generally face extraordinary challenges and opportunities because of the global pandemic and societal forces. Our governors play a key role in providing stewardship and continuity in our academic mission. Joining the board will be a unique opportunity to engage in governance of an institution built on a strong tradition of accessibility and community engagement.

Commitment to Equity, Diversity, Inclusion, and Accessibility

Saint Mary's University is committed to equity in its policies, practices, and programs, and supports diversity and inclusion in its teaching, learning and work environments. The University is also committed to accessibility in all its forms. In keeping with these commitments, the Governance Committee of the Board welcomes applications from candidates from all gender identities, racially visible people, Indigenous people, people with disabilities, and others with the skills and knowledge to engage with diverse communities. Nominations of qualified individuals who would contribute to further diversification of our University community are encouraged and welcomed.

Competencies

We seek candidates who possess a high level of expertise in their chosen occupation at a leadership level. If you have senior leadership experience dealing with issues and challenges facing a complex institution, are you able to contribute your experiences and knowledge in one or more of the following areas?

- *Financial acumen; a professional accounting designation and experience in audit procedures and internal controls;*
- *Innovation and entrepreneurship; organizational leadership, strategic thinking and creative problem solving in a complex and competitive environment;*
- *Real estate development expertise, including oversight of major capital projects and investments;*
- *Technology; understanding the intersection of innovation, technology, and strategy for competitive advantage and risk management; understanding the increasing prevalence of artificial intelligence and its applications; understanding the strategic importance of cyber security and hyper vigilance for data governance;*
- *Advancement and philanthropy; experience in stewardship and profile-raising activities for community organizations; leadership in advancement activities (friend-raising and fundraising); understanding the role of a board in major campaigns and leadership activities required for aspirational change;*
- *Diversity, accessibility, and inclusion; building relationships and commitment to a community where everyone feels accepted, valued, and respected.*

Other Considerations

- Desire to serve, willingness and ability to commit the time and effort required as a member of the Board of Governors
- Experience as a board committee chair and willingness to serve in this capacity
- Personal values alignment with the values of the Saint Mary's University (link to Vision, Mission, Values)
- Experience working within a shared governance system

The Board of Governors' overriding consideration in identifying and confirming individuals to serve as Governors is merit and experience in relation to the governance needs of the University. All candidates must possess the qualification, experience and commitment required to govern an institution of the size, complexity and reputation of Saint Mary's University and should reflect the diversity of the communities served by the University.

All individuals appointed to the Board of Governors are required to perform the duties assigned in the Saint Mary's University Act, 1970, which assigns to the Board responsibility for "... the government, conduct, management and control of the University and of its property, revenues, expenditures, business, and affairs" ... including responsibility to "appoint and remove the President, the heads of all faculties and schools, the administrative officers including vice- presidents, if any, the academic and such other officers and employees as the Board deems necessary or expedient for the purposes of the University."

Submission of Nominations

Nominations and expressions of interest from individuals who may be suitable for future appointment to the Board of Governors are welcome at any time and, normally, will be kept on file for at least three years from the date of submission. If you are interested in being considered for appointment in 2023, please send your expression of interest to us by August 15, 2023.

Recommendations can be provided in confidence by email to the University Secretary at board@smu.ca.

About Saint Mary's University

Vision: Saint Mary's, building on its strong tradition of accessibility and community engagement, will be the university of choice for aspiring citizens of the world.

Mission: The mission of Saint Mary's University is to:

- Offer undergraduate, graduate and life-long learning programs.
- Engage in research and disseminate its results.
- Serve the community from the local to the international level.

Core values: Our values articulate our distinctive contribution to civil society, locally and globally. These values are highlighted in the Santamarian Signature:

- Pursuing academic growth
- Demonstrating resilience
- Developing intercultural competence
- Engaging our alumni and community
- Exercising ethical wisdom

Our commitment to you:

The University is committed to accessibility, diversity, and the provision of a positive and supportive learning environment through the effective integration of teaching and research. We recognize the importance of the contribution and growth of each individual in the university's success.

Preparing students for the future

Through promoting the importance of critical enquiry, leadership, teamwork, and global awareness, we aim to prepare students for responsible and rewarding lives and to remain engaged with our alumni worldwide.

Let's work together

Saint Mary's welcomes mutually beneficial partnerships and strategic alliances with all levels of government, with other educational institutions, non-government institutions and the private sector.
