

Paper Cutting

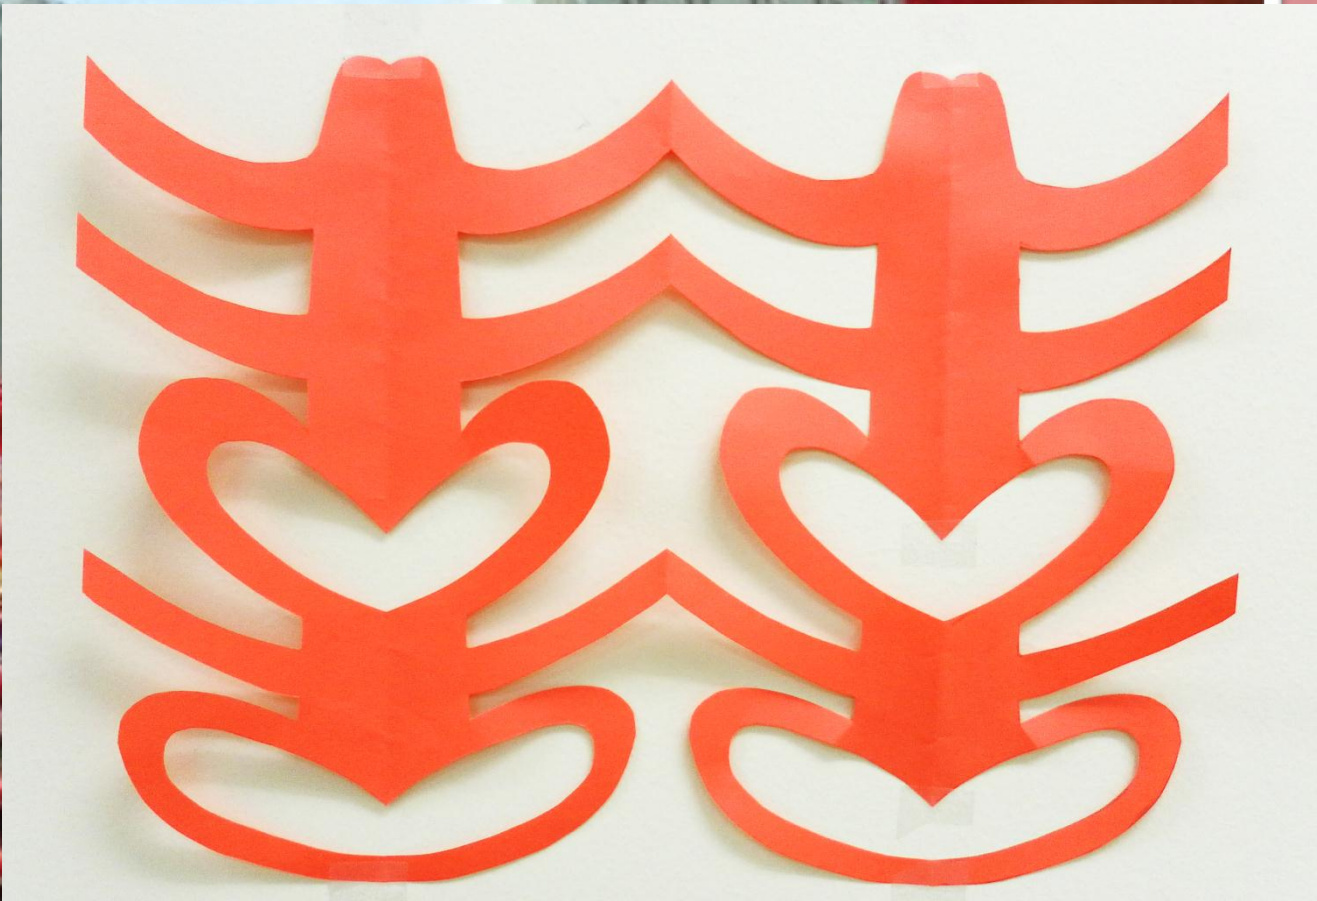

Maple Leaf

Tips

- 1 Draw the outline before cutting
- 2 Fold the paper when the cutting is symmetrical

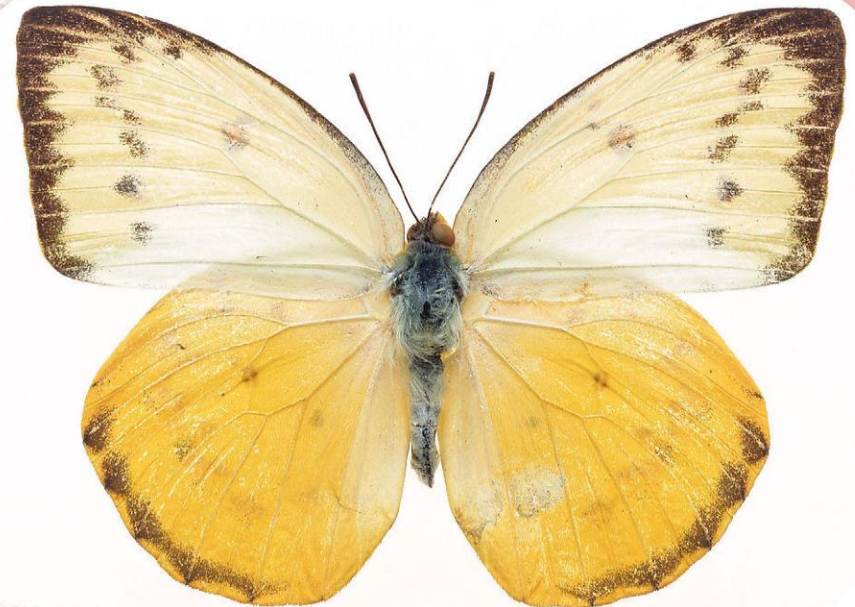

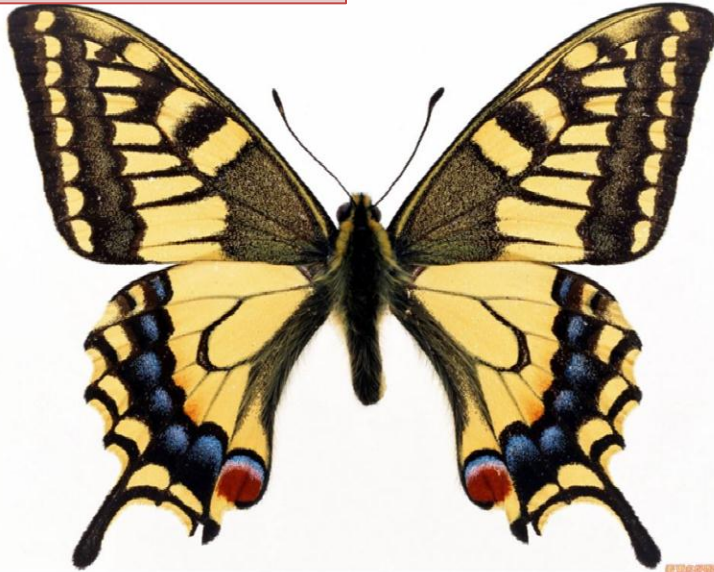

Double Happiness

Tips

- 1 Draw the outline before cutting
- 2 Fold twice

Butterfly

Successive fold and cut

1. Fold the paper into 2 parts.
2. Fold again.
3. Draw the outline of the image on the folded paper (the closed side is on your left).

A vibrant, traditional Chinese paper-cut style illustration. It features a large, colorful bird (possibly a phoenix or a similar mythical creature) with red, blue, and yellow feathers. The bird is surrounded by various flowers, including large pink and purple blossoms, and green foliage. The entire scene is set against a white background.

Thank you!
